

Parish Transport Representative's Report

Three Parish Transport Representatives' meetings have been held over the last year, in June, October and February. Unfortunately I was unable to attend any of the meetings as they start at 1:30pm and this would have meant taking time off work, so if anyone else would be better placed to be the PTR for Launton, I would be very happy to pass the baton to them.

Having read through the minutes of the meetings, I did not see anything I considered to be of particular relevance to Launton.
