

Passenger Transport Representative Report

Three Passenger Transport Representative (PTR) meetings were held over the last year (in June, October and February). From the minutes, such topics as school transport (including changes to entitlement), S106 funded bus services, community transport (i.e. for areas where there are no public services) and the X5 bus route were discussed, amongst others. If anyone would like further information, I can send them the minutes.

Although I regularly use the bus to commute to work, I am unable to attend the meetings as they are on a weekday in the early afternoon in central Oxford, so if anyone else feels they would be better placed to be Launton's PTR, I will happily hand over the baton!

The next meeting is on Wednesday 3rd July.
