

PARISH HALL REPORT FOR 2018

The Parish Hall has continued to be well used by regular hirers and 'one-offs'.

Most people appreciate the size of the hall although it is not in its first 'flush of youth' -more later!

Sadly, one of the groups – Launton Companion Dogs – relinquished their slot at the end of the year, after 31 years, having always paid 'up front' for the whole year – I wish some others would do the same!

The leasing of the hall to the Parish Council is still ongoing although much further forward than in last year's report. One of the stumbling blocks has been caused by the hall not coming up to standard with the energy rating which has meant a slight change of direction with regards to the terms of the lease. Hopefully this problem is being resolved and progress can be made.

The Parish Hall committee has not met, as the Parish Hall Improvement Project [PHIP] committee, which includes several members of the PCC Hall committee, have been actively fund raising and moving the lease forward.

Thank you to:

All those who continue to hire the hall

All those who carry out minor repairs to the hall

The PHIP group who are actively moving the lease forward

David Brind for mowing the grass

Mary Brydon for endeavouring to keep the hall clean and tidy and does the housekeeping.

Joan Packer

Hon. Booking Secretary
