

Polling Place Review 2019

Introduction

We are carrying out a review of our polling districts, polling places, and polling stations. This is something we are legally required to do every five years, to make sure that all electors have reasonable facilities to vote as far as are practicable in the circumstances.

A polling district is a geographical area within a parliamentary constituency, within which a polling place can be determined that is most suitable for electors. A polling place is the building or area where you can find the polling station, such as Woodgreen Leisure Centre or Morrisons Car Park. A polling station is the actual room where you vote, where the polling station staff sit with the paperwork and the ballot box. This must be located within the polling place that has been designated for the polling district. In some cases, there is more than one polling station within a polling place, depending on the number of people who vote there.

The Council has to make sure that each polling district has somewhere that electors can go and vote. If there isn't a suitable building to use as a polling station, or an area to put a temporary building for electors to vote in, then we can send electors to a polling station in the neighbouring polling district.

This report breaks down the (Acting) Returning Officer's ((A)RO) recommendations to District ward level and gives details of any proposed changes. The (Acting) Returning Officer has, where applicable, considered known issues during the preparation of this document. All of the polling stations currently used were visited during the May election and these comments have also been taken into consideration. The (A)RO has also considered the accessibility levels of current polling stations, new and proposed developments and any comments received from individuals and groups as part of the recent first initial consultation process. Every submission received has been carefully considered, however, in some cases it has not been possible to meet every suggestion made.

The (Acting) Returning Officer is proposing to keep the existing polling arrangements where they remain adequate and to make changes only where circumstances require. The intention is not to make changes unless they are needed and justified.

Guidelines

The following considerations have been taken into account when drawing up these proposals. The first two guidelines are required by electoral law whilst the others are guidelines, not strict rules.

1. The Council must seek to ensure that all electors have such reasonable facilities for voting as are practicable in the circumstances.
2. The Council must seek to ensure that so far as is reasonable and practicable every polling place is accessible to electors who are disabled.
3. Ideally, the polling place should be in its own polling district.
4. Ideally, there should be no more than 2500 electors (excluding absent voters) per polling station. It should be noted that although the guidelines suggest an ideal number of electors per polling district there are several polling districts in the BCP Council area that have over 2500 electors. In these cases, the issue of large elector numbers at the polling station will be dealt with either by the provision of additional polling station staff and equipment, or by arranging for there to be 2 polling stations within one polling place (otherwise known as a 'split' or 'double' station).
5. Preferably, no polling place should be shared by two wards.
6. Schools should only be used where there is no other suitable permanent building available.
7. Portacabins (mobile stations) should only be used where there is no other reasonable option, as these are costly to operate.

Tables

Each district ward is dealt with separately. For existing polling arrangements, the tables show: The polling district; The current polling station; The Constituency area; The Parish area (if applicable); The number of electors as at 1 September 2019 (as at commencement of the Review); (Acting) Returning Officer's comments; and (Acting) Returning Officer's proposals.

It should be noted that where the current polling station arrangements show a comment of "adequate" or "satisfactory", this does not necessarily mean that the polling station is ideal, but that any shortcomings can be dealt with by the provision of equipment such as ramps and by the polling station staff at the time of an election.

Comments on the (Acting) Returning Officer's Proposals

If you would like to comment on the Polling Station recommendations, you can do so via a short questionnaire, the link for which is on the website at: [Polling Place Review](#) . Alternatively, comments can be emailed to elections@cherwellandsouthnorthants.gov.uk or posted to Polling Place Review, Democratic & Elections Team, Cherwell District Council, Bodicote House, Bodicote, Banbury, Oxon, OX15 4AA.

The deadline for submissions is 5pm on Monday 1 November 2019.

Once the second consultation has closed, we will consider the feedback, and final recommendations will be submitted to Full Council for consideration and approval on 16 December 2019.

The Council has to publish all comments received in connection with a polling place review. If we receive a comment on behalf of a group, such as a parish council, political party or disability access group, we will name the group, but we will not publish the names of individuals who have commented.

District Ward: Adderbury, Bloxham and Bodicote						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CAA1	The Institute, The Green, Adderbury	Banbury	Adderbury	2385	Due to the electorate being over 2500, this is a double station. The current polling station arrangements are adequate and satisfactory. Whilst The Institute remains the recommended polling Station, the (Acting) Returning Officer acknowledges that it has been unavailable for unscheduled elections and the Methodist Church is a suitable alternative building in the village.	No change proposed – continue to use The Institute as the polling station, as a double station.
CCK1	The Bloxham Ex-Servicemen's Village Hall, High Street, Bloxham	Banbury	Bloxham	2743	Due to the electorate being over 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use The Bloxham Ex-servicemen's Village Hall as the polling station, as a double station.
CCL1, CCL2	Church House, Church Street, Bodicote	Banbury	Bodicote	1777	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use the Church House as the polling station.
CDP1	The Meeting Room, Manor Farm, Milton	Banbury	Milton	146	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use The Meeting Room as the polling station.

District Ward: Banbury Calthorpe and Easington						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CAE1 CAF1 CAF2	Chasewell Community Centre, Avocet Way, Banbury	Banbury	Banbury (Calthorpe South Ward)	3156	Due to the electorate being over 2500, this is a double station. As part of the first consultation comments were received from the Headteacher and a School Governor at The Grange School, which shares the site of Chasewell Community Centre raising safeguarding concerns. Acknowledging the concerns of the school but noting that it is not the school but the Community Centre that is used as a polling station, the (Acting) Returning Officer's staff have been exploring alternatives to Chasewell Community Centre, however no suitable locations have been suggested or identified. It is important to note that the Community Centre management are happy for the Centre to continue to be used as a polling station and the station is satisfactory and adequate.	It is proposed that electors in polling district CAE1 continue to use Chasewell Community Centre It is proposed that electors in polling districts CAF1 and CAF2 be allocated to Longford Park Community Centre, Hobby Road, Banbury as their polling station.

					The (Acting) Returning Officer's staff will liaise with staff at Chasewell Community Centre and The Grange School to minimise the impact on the school and encourages the school to consider scheduling an inset day for the first Thursday of May each year as elections are held each year in Cherwell due to district elections by thirds and county elections in the fourth year. The extensive development at Longford Park includes a Community Centre and it is recommended that electors within polling districts CAF1 and CAF2 be allocated to attend the Longford Park Community Centre as their polling station. The current electorate is around 500 but it is anticipated this will increase as the development continues. It is acknowledged that CAF1 falls within the Deddington county division, whilst CAF2 is within the Banbury Calthorpe & Easington Division. Staff working at the station would be briefed accordingly.	
CAG1	Easington Methodist Church Hall , Grange Road, Banbury	Banbury	Banbury (Easington South Ward)	2353	Due to the electorate being over 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use The Bloxham Ex-servicemen's Village Hall as the polling station, as a double station.
CAI1	Harriers Banbury Academy , Bloxham Road, Banbury	Banbury	Banbury (Easington North Ward)	331	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use the Harriers Banbury Academy as the polling station.
CAK1	Queensway Primary School , Banbury	Banbury	Banbury (Easington South Ward)	1695	This has been a double station however as the electorate is well below 2500, it is proposed that this should revert to being a single station. As part of the first consultation comments were received from the Headteacher of Queensway School raising safeguarding concerns, capacity and inconvenience of using one inset day for polling day. Whilst the Headteacher requested a review of Queensway School being used as a polling station, no alternative venues were suggested. Acknowledging the concerns of the school, the (Acting) Returning Officer's staff have been exploring alternatives to Queensway School, however no suitable alternative locations have been identified. It is important to note for the purpose of taking the poll in England and Wales, the (Acting) Returning Officer is entitled to use free of charge schools maintained or assisted by a local authority as well as those schools that receive grants made out of moneys provided by Parliament. This includes academies and free schools. Whether or not the school then has to close is a decision for the headteacher. The (Acting) Returning Officer's staff have previously met with staff at Queensway School and advised of the legal requirement for the school to provide a room and strongly	No change proposed – continue to use Queensway School as the polling station, however as a single station

					encouraged the school to schedule an inset day for polling day as it is known that there will be scheduled elections on the first Thursday in May Queensway School has refused to do this and the Headteacher set out in the consultation response that they will continue not to allocate polling day as an inset day. This would be the simplest means of addressing the concerns of the school and the date would be know to staff, parents and guardians well in advance as a standing inset day, unlike other dates which change if tagged onto school holidays which vary due to the date of Easter changing each year for example. The (Acting) Returning Officer's staff will continue to seek an alternative venue but in the meantime, there being no suitable alternative venue for use as a polling station, will work with staff at Queensway School to minimise the impact on the school and encourages the school to reconsider its position regarding scheduling an inset day for the first Thursday of May each year as elections are held each year in Cherwell due to district elections by thirds and county elections in the fourth year.

District Ward: Banbury Cross & Neithrop						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CAL1, CAR1, CAN1, CAO1	Dupuis Centre at St Johns Church, South Bar, Banbury	Banbury	Banbury (Neithrop South Ward)	1863	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use the Dupuis Centre at St Johns Church as the polling station, as a double station
CAM1	The People's Church, Horsefair, Banbury	Banbury	Banbury (Town Centre Ward)	362	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use The People's Church as the polling station.
CAP1	St Mary's School, Southam Road, Banbury	Banbury	Banbury (Town Centre Ward)	508	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use St Mary's School as the polling station.
CAQ1	Banbury Methodist Church, Marlborough Road, Banbury	Banbury	Banbury (Town Centre Ward)	607	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Banbury Methodist Church as the polling station.
CAU1	Ruscote Community Centre, Ruscote Arcade, Longelandes Way	Banbury	Banbury (Neithrop North Ward)	1138	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Ruscote Community Centre as the polling station.

CAT1	Woodgreen Leisure Centre, Woodgreen Avenue, Banbury	Banbury	Banbury (Park Road Ward)	697	The current polling station arrangements are adequate and satisfactory. During the first consultation, comments were received suggesting alternative venues for use as a polling station for this polling district. The (Acting) Returning Officer's staff have reviewed the suggestions but consider that given the current arrangements being adequate and satisfactory, there is no justified need to change the current polling station. This polling station covers polling districts across two district wards, CAT1 – Banbury Cross & Neithrop / CBJ1 & CBL1 – Banbury Ruscote, For this reason, the polling station is included on the report twice and is also listed under Banbury Cross & Neithrop ward. The current polling station arrangements are adequate and satisfactory. With the proposed change to the arrangements for CBJ1 and CBL1, the station would be a triple station instead of a quadruple station.	No change proposed – continue to use Woodgreen Leisure Centre at the polling station.
------	--	---------	--------------------------	-----	--	---

District Ward: Banbury Grimsbury & Hightown						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CAV1, CAW1	Mobile Station at Morrisons Car Park, Swan Close Road, Banbury	Banbury	Banbury (Calthorpe North Ward)	1098	An alternative location would be preferred over the use of a mobile station. As no suitable alternative locations have been suggested or identified, there are no changes proposed to the current arrangements which are adequate and satisfactory.	No change proposed – continue to use a Mobile Station at Morrisons Car Park as the polling station
CBA1	St Leonards Church, Middleton Road, Banbury	Banbury	Banbury (Grimsbury Ward)	2005	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use St Leonard's Church as the polling station, as a double station
CBB1, CBC1	Grimsbury Community Centre, 2 Burchester Place, Banbury	Banbury	Banbury (Grimsbury Ward)	3005	The current polling station is adequate and satisfactory. Electors in polling district CBC1 previously voted at The East Street Centre. As the electorate for this polling district is around 2000, it is a double station. As a result of The East Street Centre becoming unavailable for use from 2018, electors were allocated to Grimsbury Community Centre and a straight transition triple station created. Given that the overall electorate for the station is over 2500 but all electors fall within the same constituency, county division, district ward and town council ward, it is recommended that the polling districts be combined and the station be a double rather than triple station.	No change proposed – continue to use Grimsbury Community Centre as the polling station, but as a double station

District Ward: Banbury Hardwick						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CBE1	Hillview County Primary School , Hillview Crescent, Banbury	Banbury	Banbury (Hardwick West Ward)	1241	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Hillview County Primary School as the polling station.
CBF1, CBG2, CBH1	Hanwell Fields Community Centre , Rotary Way, Hanwell Fields, Banbury	Banbury	Banbury (Hardwick East Ward) & Banbury (Hardwick West Ward)	946	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Hanwell Fields Community Centre as the polling station.
CBG1	Hardwick Community Centre , Ferriston, Banbury	Banbury	Banbury (Hardwick West Ward)	2584	Due to the electorate being over 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Hardwick Community Centre as the polling station, as a double station

District Ward: Banbury Ruscote						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CBI1	St. Josephs Church Hall , Edmunds Road, Banbury	Banbury	Banbury (Ruscote Ward)	1585	This has been a double station however as the electorate is well below 2500 and therefore this should revert to being a single station. The current polling station is adequate and satisfactory.	No change proposed – continue to use St Josephs Church Hall as the polling station, however as a single station
CBJ1, CBL1	Woodgreen Leisure Centre , Woodgreen Avenue, Banbury	Banbury	Banbury (Ruscote Ward)	2565	The current polling station is adequate and satisfactory. Given that the overall electorate for the station is over 2500 but all electors fall within the same constituency, county division, district ward and town council ward, it is recommended that the polling station be a double rather than triple station for these two polling districts. This polling station covers polling districts across two district wards, CAT1 – Banbury Cross & Neithrop / CBJ1 & CBL1 – Banbury Ruscote, For this reason, the polling station is included on the report twice and is also listed under Banbury Cross & Neithrop ward. The current polling station arrangements are adequate and satisfactory. With the proposed change to the arrangements for CBJ1 and CBL1, the station would be a triple station instead of a quadruple station.	No change proposed – continue to use Woodgreen Leisure Centre as the polling station, however as a double station

CBK1	The Sunshine Centre, Edmunds Road, Banbury	Banbury	Banbury (Ruscote Ward)	1921	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use The Sunshine Centre as the polling station, as a double station
------	---	---------	------------------------	------	--	--

District Ward: Bicester East						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CBN1	Bicester East Community Centre, Keble Road, Bicester	Banbury	Bicester (East Ward)	2466	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Bicester East Community Centre as the polling station, as a double station
CBO1	Salvation Army, Worship Centre, Hart Place, Bicester	Banbury	Bicester (East Ward)	1536	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use the Salvation Army Worship as the polling station.
CBP1	Bicester Methodist Hall, Bell Lane, Bicester	Banbury	Bicester (East Ward)	1293	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Bicester Methodist as the polling station.
CBQ1	John Paul II Centre, Causeway, Bicester	Banbury	Bicester (East Ward)	523	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use John Paul II Centre as the polling station.

District Ward: Bicester North & Caversfield						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CBR1, CBT1, CBU1, CBV1	Emmanuel Church, Barberry Place, Bicester	Banbury	Bicester (North Ward)	2213	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Emmanuel Church as the polling station, as a double station
CBS1	Southwold Community Centre, Holme Way, Bicester	Banbury	Bicester (North Ward)	2467	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Southwold Community Centre as the polling station, as a double station
CCP1	Mobile Station at the Recreation	Banbury	Caversfield	1197	An alternative location would be preferred over the use of a mobile station. As no suitable alternative locations have been suggested or identified, there are no changes proposed to the current arrangements which are adequate and satisfactory.	No change proposed – continue to use a Mobile Station at Morrisons Car Park as the polling station

	Ground, Caversfield

District Ward: Bicester South & Ambrosden						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
CAB1	Ambrosden Village Hall , Ambrosden, Bicester	Banbury	Ambrosden	1417	Ambrosden Village Hall is the usual polling station and arrangement have been are adequate and satisfactory. The village Hall has been closed for the last two months for repairs due to the discovery of wood rot in the floor support beams and the Silibavari Centre was used as the Polling Station for the European Parliamentary elections. The Village Hall Managers have advised that the repairs will be complete by the end of September 2019 and therefore this will remain the polling station. The (Acting) Returning Officer thanks the staff at the Silibavari Centre for their assistance at the European Parliamentary elections.	No change proposed – continue to use Ambrosden Village Hall as the polling station.
CBW1, CCC1	Langford Village Centre , Nightingale Place, Bicester	Banbury	Bicester (South Ward)	2434	Due to the electorate being close to 2500, this is a double station. The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Langford Village Centre as the polling station, as a double station
CBX1	Mobile Station at the corner Corncrake / Mallards Way , Bicester	Banbury	Bicester (South Ward)	1214	An alternative location would be preferred over the use of a mobile station. As no suitable alternative locations have been suggested or identified, there are no changes proposed to the current arrangements which are adequate and satisfactory.	No change proposed – continue to use a Mobile Station at the corner Corncrake / Mallards Way as the polling station
CBY1	Pingle Field Pavilion , Pingle Field, Bicester	Banbury	Bicester (South Ward)	559	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Pingle Field Pavilion as the polling station.
CCA1, CCB1	Kingsmere Community Centre , Whitelands Way, Bicester	Banbury	Bicester (South Ward)	1706	The current polling station arrangements are adequate and satisfactory.	No change proposed – continue to use Kingsmere Community Centre as the polling station.

District Ward: Bicester West						
Polling District ID	Polling station	Constituency	Parish	Electorate (at 1 September 2019)	(Acting) Returning Officer Comments	(Acting) Returning Officer Proposal
